

# Download Andrews Pitchfork Trading Strategies

Andrews Pitchfork Trading Strategy. Today's article is about the Andrews Pitchfork trading strategy and how we use it in our trading. The Pitchfork trading system is an old forgotten trading technique that projects potential support and resistance lines. In charting packages with an in-built Pitchfork drawing tool, selecting the three pivot points is enough for drawing the Pitchfork. Trading Rules – Andrew's Pitchfork Trading Strategy. There are many ways to trade using Andrew's Pitchfork but the basic idea is that price will oscillate around the median line. The Andrews' Pitchfork trading is indeed unique and in fact forms the basis of many different trading strategies but primarily used with price action trading. There is a bit of a subjectivity involved in plotting the Median lines but once the lines are drawn, traders can refer to the Andrews' rules on median line trading and trade accordingly. Trading Strategy Trading Instruments ... Invented by and named after renowned educator Alan H. Andrews, ... A trader can increase the accuracy of these trades by using Andrew's pitchfork in ...
