On February 27, 2019, Chris Perrone, director of Improving Access at CHCF, testified before the California Senate Committee on Health during an informational hearing titled “Improving Performance and Aligning Incentives in Commercial Health Insurance and Medi-Cal.” Below is his full testimony. A video of his presentation, and the Q&A that followed with legislators, is included [...]What Are Falls? A fall is defined as any event that leads to an unplanned, unexpected contact with a supporting surface, such as the floor or a piece of furniture, that is not the result of a push or shove or the result of a medical event, such as a heart attack or fainting.. A near-fall is a stumble or loss of balance that would result in a fall if you were unable to catch yourself.BibMe Free Bibliography & Citation Maker - MLA, APA, Chicago, Harvard0 PREFACE Ventilation is supply to and removal of air from a space to improve the indoor air quality. The idea is to capture, remove and dilute pollutants emitted in the space to reach a desired, accept-
