

Download Realism Identity And Emotion Reclaiming Social Psychology

An exciting challenge to social psychology, this volume advances a realist interpretation of psychological theories that surmounts the problems of traditional empiricist accounts and repudiates the relativism of more recent social constructionist critiques. The author develops an original theory of the intrinsically social dimensions of identity and emotion, documenting many areas neglected both by empiricist and constructionist accounts. Broadly interdisciplinary and presenting a bold new vision of the possibilities and potential of social psychology, this volume is essential reading for students ...Realism, Identity and Emotion: Reclaiming Social Psychology by John D Greenwood (1994-05-11) on Amazon.com. *FREE* shipping on qualifying offers.
