

# Download Red Cross Emergency Medical Response Manual

Emergency Medical Response is a dynamic 56-hour course featuring lecture, video, simulated emergency situations, discussion and hands-on skill practice. Become an Emergency Medical Responder with Red Cross. Our program exceeds National EMS Education standards, and offers 2-year certification. General terms "Emergency medical responder" is a broad term, used either to describe a certain EMS certification level, or generally to describe those who respond to medical emergencies.. Specifically used, an Emergency Medical Responder is an EMS certification level used to describe a level of EMS provider below that of an emergency medical technician and paramedic. Emergency ambulance service is provided by each South African province. The government-operated ambulance system, also known in the Western Cape as METRO (Medical Emergency Transportation and Rescue Operations) provides emergency medical care as well as various rescue options (land, air and sea) to the public. In addition to the paid responders, the government system is supplemented in many ...
