SAP TCodes in Module MM(Materials Management) - SAP TCodes - The Best Online SAP Transaction Code Analytics
In this tutorial, as part of our free SAP FI training, we will focus on the SAP month end closing process performed in the FI module. Month end closing is a procedure that is performed in any company using SAP ERP every month. This is an important procedure because if it is not completed on time, employees of the company won't be able to post new documents in SAP in the next month. Dear Thomas, Yes there is a provision in SAP for hiding PO price to specific users. Follow the steps as under. 1. Execute tcode OMET. 2. Create Function Authorization : NP (any name u wish to give) enter description as "No prices display auth." special periods are used for end year adjustments, the figures posted here form part of the last periods. You cant post in the special periods if you are closing period 3 while your last period is 12.
