For the mom who does it all--and still has time for hugs.Supermom: A Celebration of All You Do by. Kathy Buckworth. 0.00 · Rating details · 0 ratings · 0 reviews This is a compilation of 50 powerful words with photos of women in their fullest glory - mountain climbing, dancing, spending time with best friends, and reflecting on their lives and loved ones.This whole supermom thing has become cliché, and frankly, I'm getting too old for it. It was a fascinating social experiment, watching the women's movement evolve from "you can have it all" to "you need to do it all (and do it all perfectly)".Give them, receive them, enjoy them—but most of all, continue to do so all year round. By discovering the ways to shift your body's perception of stress into a healthier stress pattern, you can get your cortisol and adrenaline back to optimal levels for a foundation that will help you to respond and recover better going forward.
