

Download The Old Age Psychiatry Handbook A Practical Guide Paperback Common

The Old Age Psychiatry Handbook provides a comprehensive but concise overview of psychiatric, medical and practical issues that may arise within the speciality. The book is written in an easy assimilated format, ideal for use in the clinic and on the ward. Old Age Psychiatry is a growing specialty, due to the expanding proportion of the elderly population, the increasing base of knowledge in this area, and the promise of new diagnostic and therapeutic tools that come with an established and vibrant research. A practical guide to "coal-face" old age psychiatry. The book is packed with the kind of information it takes many years of practice to accumulate, and presents the information in a very easily digestible form. If the giants of old age psychiatry had told stories to trainees, this is what they would have told. The Old Age Psychiatry Handbook A practical guide Joanne Rodda University College London Niall Boyce University College London Zuzana Walker University College London iii. ... but working towards a common goal.
